

Computer Club Short Courses – Are You Interested?

As announced at the May Computer Club meeting, we’re considering offering a number of specialized short courses that don’t include the one-month commitment that our more comprehensive courses do.

Please indicate your interest (attending, teaching, or assisting the instructor) in any or all of the topics below.

We’ve probably missed a few subjects you might like to see offered. There are write-in lines on page 2 feel free to use them.

Please respond to Terence Kuch, PV-G07, or terencekuch@gmail.com. **Use of this form is *not* required** – a plain email or cubby note will be fine.
